

*Hail Maestro Pendrod,*

*I hope this letter finds you well and that the Academy hasn't dulled your lust for adventure. I have heard you are continuing to study the moldy history of Iobaría and that your latest epic is coming along well. I think I have something here to interest you on that front.*

*Marshal Gundarson - I assume you remember Willas - was out on patrol when he found a jade bracelet in the banks of one of the local rivers. I spent enough time with you that I think I recognize some of the flourishes and I'm betting this relates directly to the area of your obsession. I hope that you have time to leave your dusty tomes and venture out here to Varnhold to visit and study the artifact.*

*Your friend,*

*Maegar Varn*
